Re: Benjamin O. Ringel  
Case No. 824-71468-LAS  
Chapter 7

Dear Mr. Gavin,

I am the interim trustee appointed in the above referenced chapter 7.

I write to request that the court refrain from automatically dismissing this case. There appear to be significant undisclosed assets and liabilities which the trustee is investigating.

Apparently, the debtor previously owned an interest in an entity owning real property in New Jersey that was sold for more than \$19,000,000.00.

This was a voluntary filing by the debtor, so he elected to invoke the jurisdiction of this court. I only request that the case remain open and active to enable me to comply with my duty to investigate.

Very truly yours,
